Attachments: Wheeler briefing TX Rd 2 PfR and FFS 06-30-2020 final.docx; ATT00001.htm

Tomorrow AM, can you ask the third floor to switch out to this copy? Also, we need to save it into the full document and make sure that gets to Brittany, Matt, et al.

Thanks!

Kelley: Okay, here is the latest (final?) version. It reflects OGC comments up through Adam. Please let me know if you have any questions.

Mike

You can send this paper forward. While we revised the paper to reflect the comments from Adam, we did not receive feedback from Matt. You may want to advise Kelley to touch base with Matt before she sends it up (and she can indicate that the paper reflects the revisions that Adam requested)?

Thanks for your patience.

Mike-

I forgot to mention earlier – our check in with the Administrator this week keeps moving around, but somewhere between Wednesday and Thursday we'll be doing a check in where we anticipate elevating Martin Lake. We're going to start sending down what materials we have, a little each day. I apologize if I missed it – but did you all have paper for us to use to cover the Martin lake issue? Totally okay if we don't have it today! But Sarah can keep you apprised where our briefing with him lands and the cut off for materials. I assume that cut off will be somewhere between tomorrow and Wednesday afternoons, depending.

Thanks!

Kelley Raymond
